Dear Gianni:

The magnificent stained glass window which your studio crafted is beautiful beyond our expectations. The colors and fine workmanship make it a focal point in our new College of Nursing building. Off the main lobby and located in a small chapel and space for reflection, it depicts our mission and individuals who represent it.

The design of Father Cannuli and the ability of Vetrare Artistiche Toscane to bring it to life have enhanced our school and our University campus beyond measure. The beauty and meticulous craftsmanship are delighting all who visit.

Thank you for your talent and for making this project so successful.

Sincerely,
